## UNION REPUBLICAN NOMINATIONS.

FOR GOVERNOR.

**JOSHUA L. CHAMBERLAIN,**  
OF BRUNSWICK.

For Members of Congress:

1st Dist.—**JOHN LYNCH**, of Portland.  
2nd Dist.—**SIDNEY PERHAM**, of Portland.  
3rd Dist.—**JAMES G. BLAINE**, of Augusta.  
4th Dist.—**JOHN A. PETERS**, of Bangor.

The Merchants of Portland.

The card from the merchants of Portland, addressed to the business men of Maine, has been published thus far, in the Bangor Times, Bangor Democrat, Machias Union, Rockland Democrat, Anson Advocate, Skowhegan Clarion, Waterville Mail, Maine Farmer, Kennebec Journal, Gardiner Home Journal, Saco Democrat, Dover Observer, Hallowell Gazette, Rockland Gazette, Eastport Sentinel, Brunswick Telegraph, Belfast Age and Biddeford Journal. The list may not be perfect, but these are all we have noticed. In most cases we observe that the list of signatures is appended to the card, though this we are confident the signers did not expect. What they desired was, not to advertise their private business, but to counteract the dangerous impression that the business facilities of Portland were ruined. That end would have been attained by the simple publication of the card, with the added statement that it was signed by eighty-five firms, representing all the leading wholesale interests of the city.

It appears that an advertising agent has forwarded the card to the Home Journal, requesting its gratuitous insertion. The Journal publishes the card, remarking however, "We cannot see why those men who are not burned out, and whose business will be greatly increased by the misfortune of their neighbors, should expect us to advertise for them for nothing." If the editor of the Journal had read the list of signatures, the names of Woodman, True & Co., Bailey & Noyes, Byron Greenough & Co., Tyler, Lamb & Co., and others, would have been under his attention, and he would have seen that many of the men who, like these were burned out, united in the appeal. These men do not ask charity. They do not ask any gratuitous advertisement of their private business. They desired simply to have the fact made known that the business of the city had received no ruinous blow and in many important directions was wholly undisturbed. To the press of Maine, which has so generally and so cheerfully contributed to the dissemination of this intelligence, we tender grateful thanks.

## Public Health.

MR. EDITOR:—Does not the health of the community require that the city authorities should take immediate steps to look after the state of things in the burnt district, in which there were many provision stores which contained fresh meats and vegetables of all kinds, which being only partially destroyed are now lying festering and decomposing in the ruins, throwing out the most noxious and offensive odors detrimental to the public health and calculated to breed disease. It would be well to have every such place, with the many open vaults on the vacant lots, immediately examined by proper persons, and all offensive matter removed without delay, else serious consequences may accrue during the present heated weather.

There should be no delay in this matter.

DRIGO.

## The Cholera in New York.

New York, July 20.  
One hundred and thirty-one burial permits were granted in this city this morning, making an aggregate since Sunday morning last of 1082 interments. The demand for hearse is so great that it cannot be supplied.  
The Commercial Advertiser says facts show conclusively that the cholera is now raging in certain portions of the city. It is beyond doubt that the epidemic is pursuing its incipient steps, beginning in regions most favorably disposed for its development. Facts relative to the number of cases on Hart's Island are deemed so appalling that publicity is denied. Surgeon Calhoun, of that post, has died of cholera, and an able corps of physicians have been sent there and also to Governor's Island.  
Seven hundred recruits who were recently sent from Hart's Island for the army in Georgia had the cholera break out among them before reaching Savannah, three dying before arriving. Several additional cases are reported in this city to-day.

## SUNDRIES.

—We learn from the Gardiner Home Journal, that the Star of the East will make a trip from the Kennebec to Portland to-day, for the benefit of the Portland sufferers. Repeated efforts have heretofore been made to charter the steamer for excursions, but without success. The company have deviated from their uniform practice, in order to do a good deed without fee or reward, except from an approving conscience.  
—The Turrent fire company of Bath, to whom the sum of \$226 was presented by Portland merchants whose buildings they saved, have voted to turn the money over to the Portland relief fund. We have already mentioned the useful assistance rendered to the Turrent's boys by the Biddeford Pioneers, and have no doubt our Bath benefactors would cheerfully concede to the Biddeford firemen a portion of the credit which, we are informed, belongs to both, but has accidentally been given mainly to one.  
The annual meeting of the stockholders of the European and North American Railway Company was held in Bangor on the 17th inst., and the following officers were elected: Directors—Hon. George K. Jewett, Bangor; Hon. John A. Poor, Portland; Hon. Charles J. Gilman, Brunswick; James S. Rowe, Esq., Bangor; Hon. Samuel H. Dale, Bangor; Philander C. Brinck, Esq., New Jersey; Arad Thompson, Esq., Bangor; James W. Emery, Esq., Massachusetts; Gideon Mayo, Esq., Oregon. Attorney of the Company—John H. Wiggins, Esq., Boston. Treasurer—Hon. Noah Woods, Bangor. Chief Engineer—E. R. Burpee, St. John. At a subsequent meeting of the Directors, Hon. George K. Jewett was unanimously elected President.

—Dispatches from New Orleans state that Gen. Sheridan has issued an order forbidding the organization of "Confederate" batteries, &c., for any purpose whatever. What will James Buchanan think of that?

—The Senate has rejected the nomination of Gov. Holden of North Carolina, for Minister to San Salvador.

—A national convention of fire insurance presidents was held in New York Thursday, and it was agreed to advance rates of insurance 10 per cent. A national board of underwriters was formed.

—The honorary degree of Doctor of Laws was conferred on Gen. Sherman at Dartmouth.

—The Belfast Journal has come to life after a trance of eighteen months, and sustains the Johnson policy as heartily as it opposed the war.

—The Lewiston Journal says certain strangers have lately been begging in that city for Portland sufferers, and very properly advises people to make their contributions through public channels, unless there are known cases of destitution of friends, where they understand to whom the money is going.

—The following paragraph recently appeared in some Northern paper or papers, with editorial comments of the most foolish wisdom:

A grand wedding occurred at Mobile on the 11th, at the African church. Samuel Jackson, a negro man, once the slave of Gen. Beauregard, married Miss Sarah Jones, a white schoolmistress. The house was crowded by negroes. The friends of the pair afterwards participated in a banquet at the house of the bridegroom. The newly married pair left on an early train to visit the bride's friends at the North.

The Mobile Times pronounces this a sell, and says the "verdant editor" who gave it currency, "has entirely mistaken the latitude and is either very soft or very green."

On Wednesday last officers Adams of Portland and Walker of this city arrived at Newport, in this county, one Arthur Brainerd, as he gave his name, for larceny of a large quantity of goods at the Portland fire. He was brought here for safe keeping Wednesday night and then taken to Portland for examination. He had been following the circus round and selling his goods freely to the outside crowds. He had a number of trunks crowded full of goods. He was in our city when the circus was here, and was arrested at Newport in consequence of a despatch sent to Portland by Mr. Walker.—Bangor Whig.

#### PROBATE COURT.

BEFORE JUDGE WATERMAN.  
The regular term for the third Tuesday of this month was opened at the Sheriff's office, next to the corner which it is proposed to occupy for this Court in the second story of the Chestnut School building. There was but little business ready for action as all the papers on file in the old office were destroyed by the fire, and the Court adjourned over until the first Tuesday of September, according to law, and in the interim it is expected that new blank books and entirely new forms and manner of making records will be instituted, and the Court will be ready or business after the vacation.

THE GREAT FIRE IN NEWBURYPORT IN 1811.—The Newburyport Herald, speaking of the fire in 1811, which laid the town in ashes, says:

It was, for that time, the same as the Portland fire is now. So great was it deemed that the Legislature appointed a committee to receive funds, and even the Governor and Council of Connecticut appointed a day for the taking of collections in all the churches of that State. Contributions were made for a year and a half following from the towns east of us to Eastport, including Portland, which contributed nearly two thousand dollars, as a large sum for them then as ten thousand is for us now.

Contributions were made as far to the South as New York, Petersburg, Richmond and other places in Maryland, Virginia and the District of Columbia. Towns and other corporations contributed; churches of every name—Orthodox, Unitarian, Methodists, Baptists, Catholics, Quakers, and also the Shakers in the State and New Hampshire. There was a great outpouring of the charities of the people, such as with the present wealth of this country would give contributions to the relief of Portland of millions of dollars.

A DECIDED LUXURY.—Barnum will open his Bath Rooms at the Mineral Springs, Cape Elizabeth, this afternoon. It is only three-fourths of a mile from the Railroad Bridge, and it is certainly worth the walk or ride to enjoy a pure fresh or salt-water bath. We hope he will be well patronized in his efforts to promote the health of the people. See his advertisement.

## CITY AFFAIRS.

At the special meeting of the City Council Thursday evening, an order was passed directing the City Engineer to examine the expediency of widening Franklin street, from Congress to Fore streets.

An order was passed instructing the Committee on Fire Department to purchase one or more steam fire engines, and 2000 feet of hose if they deemed it expedient.

An order was passed directing the Committee on Streets to expedite the expediency of widening Fore street from Pleasant street to Exchange street, and to straighten the same street from Exchange street to where it now intersects India street, making the whole of uniform width.

The heirs of James Deering and the trustees of the estate of Mary Preble, presented a petition asking for the re-running of the streets laid out in the "Deering pasture," in accordance with a plan accompanying the petition. The plan proposed the running of two avenues, to be called "Grant" and "Sherman" avenues, from Green street to Mellen street, between Cumberland and Portland streets. The petition was referred to the Committee on laying out new streets.

The report of the Joint Special Committee on the City Government was presented. It states that the Committee procured the services of Messrs. S. C. Chase, Charles Frost and Joshua T. Emery, builders of Portland, and James H. Rand of Boston, who was the original architect of the building. These gentlemen made a thorough examination of the premises and pronounced the whole outer walls sound and strong, except about 50 feet on Myrtle street. They also found all the interior walls of the basement, also a considerable portion of the 1st and 2d stories in good condition to hold the weight upon them. The estimated value of the building as it now stands at \$150,000. The report was accepted.

An order was then passed for re-building the premises in the same style as originally erected, and appointing as Joint Special Committee on the City Government, the Mayor, Aldermen Giddings and Southard, and Councilmen Fuller, Fessenden, Gerrish of 6, Phillips and Files.

An order was also passed authorizing the City Treasurer to hire, on a term not exceeding 20 years, a sum not exceeding \$100,000, for the purpose of rebuilding the City Government building.

Petition of J. B. Brown & als., for the straightening and widening of York street, was referred to the Committee on Streets.

Petition of William Hilliard that the old continuance of Franklin street, from Middle to Fore street, may be discontinued, was referred.

The City Civil Engineer presented his report on the subject of alterations of streets in the burnt district. It recommended that the following streets be widened and straightened: York street; to continue Centre and Bank streets through to Commercial street; to lay over Cross street and widen it to 50 feet; to lay over Union street to 60 feet and continue it through to Congress street and discontinue Temple street; to straighten Exchange street, from Congress street to Fore street; to lay over Lime street and widen the same; to continue Pearl street straight across the city, substituting it for Silver and Willow streets; to continue Walnut street across the city parallel with Pearl street, and discontinue Church, Garden, Vine and Deer streets; to lay out a new street across lots from the junction of Free and Middle streets, to a connection with Summer street at India street; to lay out a new street from Middle street between Exchange and Free streets; to continue Spring street from South to Middle street; to continue Plum street up to meet the continuation of Free street. These and other radical changes are recommended by the Engineer, who suggests that the Legislature should be convened, so that the city may be authorized to take lands, with power to sell after the improvements are made—the Engineer stating that in this way the city of Boston makes all her improvements without cost.

RELIEF FUND.—Applicants for aid in rebuilding, from this fund, will be required to make full answers to the following interrogatories:

1. State where your buildings, destroyed by the late fire, were situated? Were you the sole owner of the same? Did you own the lot of land? State names of all other persons interested in the premises?

2. Is there any mortgage on the lot, if so, for how much?

3. Describe particularly the buildings destroyed, size and material of each, also size of lot.

4. Were the buildings insured, if so, for how much, and in what office?

5. Did you lose any furniture by the fire, if so, what amount was it insured and in what office?

6. What amount in value of furniture or clothing did you save?

7. What other loss did you sustain from the fire?

8. What other real estate do you now own?

9. Is it under mortgage, and for what amount?

10. What amount of money or other property of any kind have you?

11. Describe the building, its size, and materials, as well as the amount of the lot, if such aid is rendered you from the fund, the Committee deem just under all the circumstances?

The undersigned are well acquainted with the foregoing applicant, have carefully examined into the truth of the above statement, and know that the same is true.

### Death of Mr. Short.

We briefly noticed yesterday the sudden death of Mr. WILLIAM E. SHORT. The circumstances are as follows: At the late fire Mr. Short overworked himself, and he had been suffering up to Thursday, when he called upon a physician who prescribed for him. After dinner, Thursday, he went up to the Post Office, in company with a friend, and while there he staggered and would have fallen but for the support given him. His friend accompanied him home, when Mr. Short attended to his household duties, and after bathing and rubbing him he seemed to be quite refreshed, and fell into a gentle slumber on the sofa. His wife then left the room, but in ten minutes she heard a noise, and returning found her husband dead.

It was supposed Mr. Short was affected with heart disease. Three years ago his brother John died, in almost a similar manner.

The funeral of Mr. Short will take place at 2 o'clock this afternoon from his late residence No. 1 Middle street. Members of the Ancient Brothers' Lodge, I. O. O. F., of which the deceased had been a member almost from its organization, and all members of the order are invited to attend at the residence at the appointed hour.

DONATION FROM DOVER, N. H.—The citizens of the thriving city of Dover, N. H., have subscribed nearly \$3,000 towards the relief of Portland at the time of misfortune. With a population of but 8000, the contribution is really a handsome one and will be regarded as an evidence of sincere friendship among a population somewhat strangers to us heretofore. Dr. T. J. W. Pray, President of the Dover Common Council, arrived in town yesterday and brought \$3,389.50 and said that something more was yet to be collected and remitted. Verily, our New Hampshire neighbor has done nobly.

## Additional Contributions.

The following amounts have been received by the Mayor since our last report:

1st P. W. Baptist Church, Woburn, N. H., \$16.35; F. L. Allen, Mayor of New London, Ct., \$1.50; Park St. M. E. Church, Lewiston, 125; G. Cheney, Montreal, 25; Mrs. Wm H. Neal, Saco, 5; Royals River Manufacturing Co.'s employees, Yarmouth, 31; cash 10; John Storer, Sanford, 100; Jacob H. Briggs, 35; cash 5; Benjamin Grover, Concord, N. H., 888; Fisherville Society, Concord, N. H., 31; cash 5; Barnett, Stainby & Co., Newark, N. J., by J. Bailey, 50; Citizens of Dover, N. H., 3,389.50; Egbert T. Smith, Fireplace, N. Y., 5; Citizens of New Bedford, additional, 935; George H. Smith, New York, 15; Nathan Carpenter, Foxcroft, 2.

Amount of the foregoing, \$6,464.35; amount previously acknowledged, \$192,071.94; total amount received thus far, \$198,536.29.

The following sums were received by the Executive Committee: Maj. Gen. W. B. Franklin, Hartford, Ct., \$25; Citizens of Orland, by Jno. Dennis & Co., 68.

J. McLeelan, Treasurer of the Relief Committee acknowledges receipt of the following: H. S. Sicker, error in Express charges, 50; Seth Tisdale, Ellsworth, 75; Mrs. Hattie S. Tisdale, Ellsworth, 25; J. C. Adams, Framington, additional, 10; Geo. A. Wright, Portland, 60.

Mr. Charles Edwards has received \$25 from Henry J. Edwards, of Chicago formerly of this city, to be distributed at his discretion.

Messrs. Bailey & Noyes have received from L. L. Brown, South Adams, Mass., \$100.

Mr. George S. Hunt has received from Brett, Son & Co., of New York, \$100, to be distributed at his own discretion.

Mrs. Edw. S. Morse acknowledges the receipt of two large boxes of clothing from Edward Richardson, Esq., contributed by citizens of Cambridge, Mass.

Thomas Hammond, Jr., has received \$50 from Mr. George H. Willis of New York, to be distributed at his discretion.

Mr. H. M. Hart gratefully acknowledges the receipt of the following for distribution: one hundred dollars from Capt. Calvin Adams, of Brooklyn, N. Y.; \$25 from Mr. Robert Thayer, N. Y.; \$40 from Mrs. E. B. Smyth, Andover, Mass.; with two cases of clothing, \$15.10 with one case of clothing, from Mrs. J. H. Lester, Roxbury, Mass.

ACTION OF THE MECHANICS OF PORTLAND.—At a meeting of the mechanics of Portland, held Wednesday evening, July 18th, it was unanimously

Voted, That in view of the pressing importance of the immediate erection of barracks for the accommodation of sufferers by the fire, the master mechanics of Portland and vicinity be sent daily to Mr. Andrew G. B. Deering, of Portland, to secure the erection of barracks, at B. Deering's, head of Hobson's wharf, all the men that they can spare to work upon barracks.

Voted, That those having contracts for building be requested to ask of their employers, that on Saturday next they may be permitted to take their crews to labor for the erection of barracks for the protection of the sufferers.

We have received from the publishers a beautifully lithographed map of Portland, with the outline of the burnt district clearly and accurately traced—the very thing to enclose in a letter, for one example of its use, furnishing a better notion of the actual devastation than could be conveyed by pages of description. All the stationers and newsmen have it.

LOOK OUT FOR BURGLARS.—An unsuccessful attempt was made on Thursday, about midnight, by burglars, to enter the store of Gallison & Small on Bracket street, through one of the back windows. Mrs. Gallison, who resides over the store, heard a noise, and arose and struck a light, which probably alarmed the villains and they decamped.

NOTICE TO FREEMEN.—The new bell in the City Church is to be tested in various ways this afternoon, and this notice is given to avoid giving alarm.

SPECIAL NOTICES.

TO THE DAILY PRESS.

Saturday Morning, July 21, 1866.

## XXXIX CONGRESS—1st Session.

WASHINGTON, July 20.

### SENATE.

Mr. Fessenden, from the Finance Committee, reported the tariff bill passed by the House Wednesday, with two amendments which he said were important.

Mr. Edmunds introduced a bill to prevent Courts from being used as a means of prosecution of loyal citizens. Referred to the Judiciary Committee.

The House bill to protect the revenue, with amendments was reported from the Finance Committee.

The conference committee on the consular appropriation bill, made a report which was agreed to. A long debate ensued upon the fact that the appropriation for the mission to Portugal was expunged. Remarks were made complimentary of Minister Harvey's course in writing a partisan letter, and as an offset the Senate yesterday in which Mr. Brownlow says: "give my respects to the dead dog in the White House," was read as being paralleled to the remarks in Mr. Harvey's letter about the action of Congress.

SEVERAL BILLS.—Several bills from the Committee on the District of Columbia, were passed, among which were the bills incorporating the Soldiers' and Sailors' Home and the National Soldiers' and Sailors' Grapnel Home, also one appropriating \$200,000 to build a jail. Adjourned.

HOUSE.

Several bills from the Committee on the District of Columbia, were passed, among which were the bills incorporating the Soldiers' and Sailors' Home and the National Soldiers' and Sailors' Grapnel Home, also one appropriating \$200,000 to build a jail. Adjourned.

Mr. Banks introduced a joint resolution giving the use of the building recently occupied by the Fair of the House of Orphans of Soldiers and Sailors for an additional fair. Passed.

The House considered the joint resolution for the admission of Tennessee.

Mr. Bingham withdrew the demand for the previous question.

Messrs. Boutwell and Ward each desired to offer an amendment, the former providing for equal and just suffrage.

Mr. Bingham declined to let the amendments be offered. The previous question was engrossed, and the resolution ordered to be read, and read a third time, and was then ordered to be read a third time. The house then got into some confusion about the preamble, which finally resolved itself into a motion to reconsider the vote ordering the preamble engrossed, which was tabled—yeas, 105; nays, 28.

Mr. Boutwell opposed the admission of Tennessee without enfranchising freedmen, and said that by so doing the house was surrendering the cause of justice, degrading itself and the great party which had controlled the country in the most trying time in the history of the world.

The vote was taken and resulted as follows: Yeas, 125; nays, 12.

There was considerable laughter on both sides when Mr. Stevens, of Pennsylvania, voted aye. The result was greeted with great applause on the floor and in the galleries.

Mr. Stevens reported a bill to provide for restoring the States to their full political rights. Several amendments were proposed, and finally the bill and amendments were laid on the table.

Mr. Stevens offered a joint resolution that when Congress adjourns it adjourns to meet again on Saturday, the first day of December unless sooner convened by the President or by the joint action of the presiding officers of both houses, who are hereby authorized to exercise this power in cases of emergency.

The Speaker submitted the question to the house whether the above should be entertained as a privileged question.

Several members debated it. Mr. Stevens said his object was to fix it that by so adjourning Congress can control action of the President.

The house rejected it by a vote of 45 to 75. Adjourned.

Person Brownlow's Compliments.

NASHVILLE, Tenn., July 19.  
The following is Gov. Brownlow's dispatch to Secretary Stanton:

(Signed) W. G. Brownlow, Governor of Tennessee."
